ANNEXURE - 2 (Conflict of Interest Certification)

Objective

The intent of this disclosure is NOT to prevent an aspirant supplier from making an application, but rather to provide the decision-making authorities with information on which IntelliSmart can make its own judgements and ensure that dealing with such parties is done fairly and transparently by ensuring that people / parties in conflict of interests are involved in the transactions / decision making process.

While requesting a registration, a supplier MUST disclose any actual or potential conflict of interest by giving the details of the person/s within the supplier's company (whether a director or an employee) who may be in actual or potential conflict of interest.

Conflict of Interest

An actual or potential conflict of interest with supplier's may arise where, directly, or indirectly.

1. A proprietor or partner or director or employee (who is party to a transaction) of the supplier is also a member of family or relative of a IntelliSmart employee.
2. A proprietor or partner or director or employee (who is party to a transaction) of the supplier is also a director of family or relative of a IntelliSmart or IntelliSmart Group of companies or a person of influence within IntelliSmart.
3. A proprietor or partner or director of the company is also a proprietor or partner or director in another company already registered with IntelliSmart and competing for similar products and / or services.
4. A company has subsidiary or associate companies already registered with IntelliSmart and competing for similar products and / or purpose.
